

Girl and robot animation

Time: 00.00-01.10

 <p>A video frame showing a close-up of a table with technical drawings of a robot. A yellow pencil and a protractor are visible on the table. The video player interface at the bottom shows a progress bar at 0:11 / 4:32.</p>	 <p>A video frame showing a large, grey, humanoid robot standing in a dark, industrial setting. The robot has a boxy, mechanical appearance. The video player interface at the bottom shows a progress bar at 0:37 / 4:32.</p>	 <p>A video frame showing a young boy with brown hair, wearing goggles on his head and a tool belt. He is looking towards the camera with a slight smile. The video player interface at the bottom shows a progress bar at 0:49 / 4:32.</p>	 <p>A video frame showing the young boy from the previous frame, now wearing a blue shirt and a tool belt. He is working on a large, grey robot, using a tool. The video player interface at the bottom shows a progress bar at 1:00 / 4:32.</p>
<p>Voice over:</p> <p>“Hrmn, someone must be working here. On the table is lying robot drawings, a protractor and a sharpened pencil”.</p>	<p>Voice over:</p> <p>“Noises are coming from the inside of the robot. Hammering noises.</p>	<p>Girl:</p> <p>“Now I have fastened the printed circuits with screws, the robot hopefully works.”</p>	<p>Girl:</p> <p>“This is so exiting. What will happen when I pull the handle?”</p>
